Johnstone Supply CMI

Qty:

Qty	Prod#	Price	Total	OH
1	B92-085	185.00	185.00	545
1	G31-206	1.00	1.00	4
1	G31-529	11.13	11.13	5
1	G31-682	49.74	49.74	CALL

Login, Build/Import, Submit....The CMI-Good Web Edition provides Johnstone and their customers with a low risk, easy to use, completely portable CMI solution. This package is browser based –any device with a browser can access, build and submit orders (from handheld devices to PC's) with complete portability. Use it anywhere on any device with a connection and browser.

- Orders are created any number of ways;
 - One product or at a time or rapid entry.
 - Via bar code scanner input directly into CMI
 - Imported from a spreadsheet.
- This process can be repeated as many times as often as needed.
- Orders submitted directly into local store system.

Benefits to the CMI-Good Option

- ✓ It's Good.
- ✓ It's free.
- ✓ Quick roll out –provide the customer with the order sheets or labels (for their warehouse/trucks/bins), login and URL.
- ✓ Small learning curve –Login, Build/Import, Submit.
- ✓ Real-time pricing and availability.
- ✓ Customers order more products from Johnstone!

The screenshot shows the Johnstone Supply CMI interface. At the top, there is a blue header with the text "Johnstone Supply CMI". Below the header, there is a search bar with the text "# 310-222" and a "Qty:" field. To the right of the search bar are two buttons: "Add" and "Barcoding". Below the search bar is a table with the following columns: Qty, Prod#, Price, Total, and OH. The table contains four rows of data:

Qty	Prod#	Price	Total	OH
1	B10-289	0.00	0.00	CALL
10	B10-290	0.00	0.00	1
5	B10-295	17.34	86.70	1
3	B10-296	17.46	52.38	1

Below the table are two buttons: "Clear Cart" and "Order".

3. Click the bar coding button for rapid product entry or import from excel.

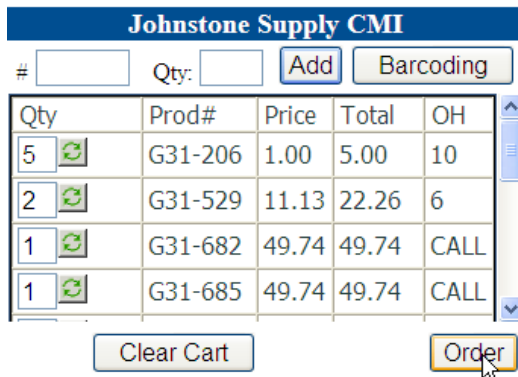

The screenshot shows the Johnstone Supply CMI interface for bar coding. At the top, there is a blue header with the text "Johnstone Supply CMI". Below the header, there is a text area containing the following text:

```
G31-206  
G31-206  
L38-974  
L38-974  
096619101344  
000000240000
```

Below the text area are three buttons: "Import From Excel", "Add Parts", and "Paste From Clipboard". A mouse cursor is pointing at the "Paste From Clipboard" button.

4. Adjust any products or quantities from the cart screen. (see screen shot 3 below)

The screenshot shows the Johnstone Supply CMI interface. At the top, there is a blue header with the text "Johnstone Supply CMI". Below the header, there is a search bar with the text "# " and a "Qty:" field. To the right of the search bar are two buttons: "Add" and "Barcoding". Below the search bar is a table with the following columns: Qty, Prod#, Price, Total, and OH. The table contains four rows of data:

Qty	Prod#	Price	Total	OH
5	G31-206	1.00	5.00	10
2	G31-529	11.13	22.26	6
1	G31-682	49.74	49.74	CALL
1	G31-685	49.74	49.74	CALL

Below the table are two buttons: "Clear Cart" and "Order". A mouse cursor is pointing at the "Order" button.

5. Submit order when ready.
