Menu 34 - Bar Coding Menu

Description: Print bar code labels for a quote.

Menu Path: Menu 34.38

Why Use it: Integration of quote system with providing Johnstone Labels for customer shelves.

How to use it: Once a quote is created in Menu 1.2 Order Entry you can go to Menu 34.38 to print labels for this quote.

1. *ENTER OPTION:* -Access Menu 34.38 and select option 2. PRINT ALL PRODUCTS FOR A SPECIFIC QUOTE.
2. *ENTER QUOTE NUMBER (8N):* -Enter a valid quote number (8N)
3. *PRINT ONLY ONE LABEL PER PRODUCT (Y/<CR>)* –If you answer 'Y' to this prompt, a SINGLE label will print for each line item, regardless of actual quantity on the quote.   If you hit ENTER here it will print a label out for each item's quantity on the quote. EX: If quoting a quantity of 50 of an item, there will be 50 labels.
4. *Sort by L-ine number P-art number (L/P) ?*
   o L –prints the labels out in line number order (Line 1, Line 2, etc)
   o P –prints the labels out in part# order alphabetically.
5. Collect labels from your designated label printer and distribute as needed.

```
                          BARCODE LABEL PRINTER
