Order Entry & Invoicing

▶ Purpose

- ? Menu 1, Order Entry and Invoicing
- ? This process combines all possible Order Entry functions into one comprehensive utility to:
 - Create orders, credit memos, dropships and quotes
 - Release, maintain and cancel backorders
 - Unfinalize, maintain and cancel releases
 - Convert quotes into orders.

Order Entry & Invoicing

- ▶ Although somewhat complex, Order Entry/Invoicing is very versatile with special features:
 - ? Order and invoice numbers assigned at the end of the order entry (OE) process.
 - ? Quick access to product data with Line Detail screen
 - ? Multiple warehouse shipping within a single order
 - ? Complete audit trail in both order and release files.
 - ? Parameter -driven display and function options.
 - ? Continuous on-screen order information
 - ? Easy dropships
 - ? Automatic credit checks
 - ? Product entry of non-stock or special items
 - ? Special Dashboard future.
 - ? Help windows and option lists are available with a '?'.

Order Entry & Invoicing

Invoicing Options

Enter one of the following invoicing options:

1. Invoice - The order is invoiced.
- 1A. Do not Split - Use when ticket has a credit listed.
2. Invoice No Print - The order is invoiced but an invoice is not printed.
3. Pick Pack - This option "holds" the order and prints a picking ticket to the assigned printer.

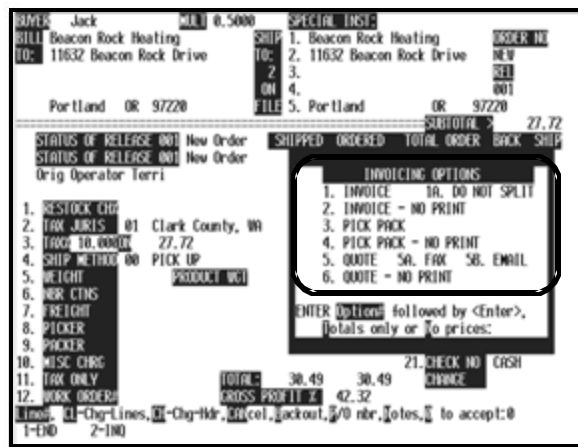

Order Entry & Invoicing

Invoicing Options

4. Pick Pack No Print - This option "holds" the order but does not print the pick pack.
5. Quote - Files the order as a quote. Will be prompted for the number of days to honor the quote. The number prints on the quote form.
6. Quote No Print - The quote is filed but does not print.

To return to the Total screen prompt select Enter.

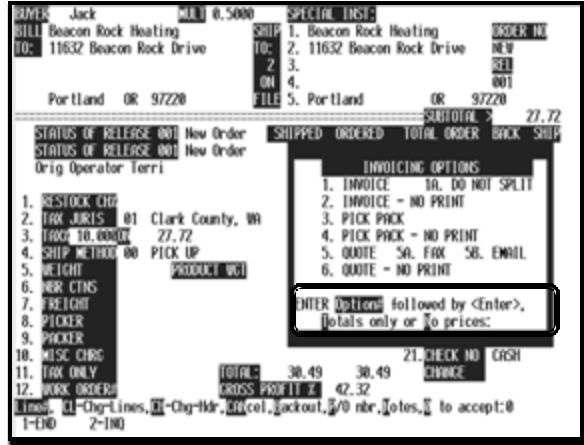

Order Entry & Invoicing

Invoicing Options

You can precede each of the invoicing options with a 'T' - Totals. By selecting this option only the Total line will display on the invoice.

Precede the invoicing options with an 'N' for No prices, and this will omit the dollar amounts.

For example:
Type '1T' to print an invoice with only the total, or '3N' for pick pack with no prices listed.

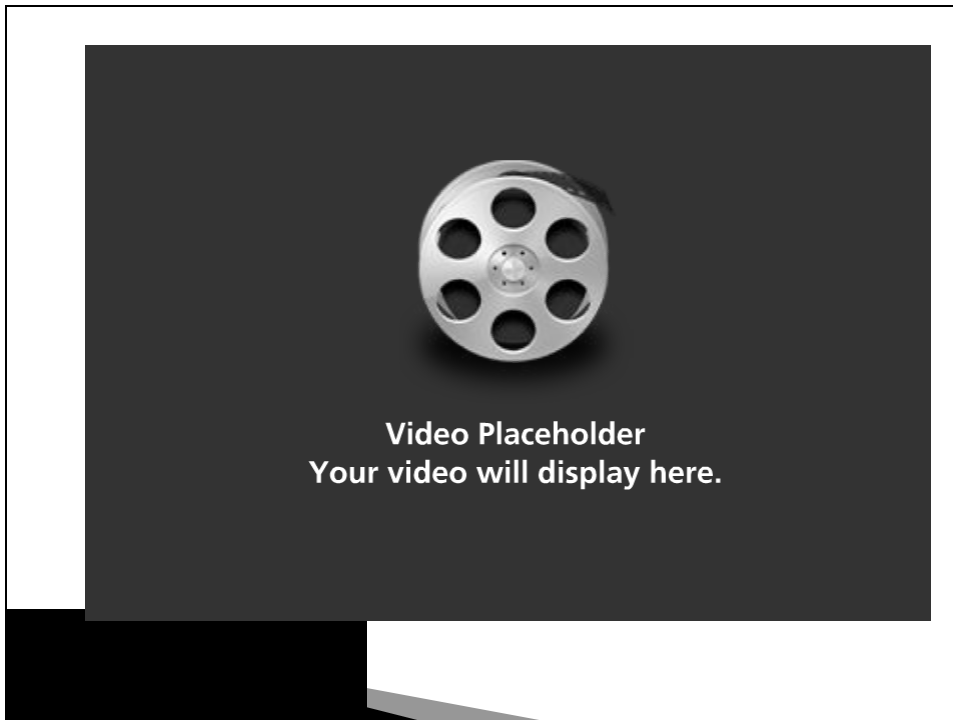

Order Entry & Invoicing

Total Screen

Once the order is processed, the order and release numbers display at the bottom of the screen.

Order Entry & Invoicing

The Dashboard Feature

Dashboard is a special feature that allows a users to transfer to other parts of the Database applications such as special inquiries, stock status, customer pricing, record a lost sale, take another menu path and cross-referencing. You can also suspend the current order and begin a new one.

You can enter a '-' to access the Dashboard screen at the menu path prompt.

Order Entry & Invoicing

The Dashboard Feature

- 1. Main Inquiries – Access menu 19, Inquires
- 2. View Stock Status – Access menu 19.6
- 3. Check Customer Pricing – Check the customer pricing without creating a new order. Also known as ‘CPR’ Customer price review
- 4. Record lost sales – will be prompted to enter a quantity and a product number.
- 5. Locate NSF Checks – Verifies customer’s history of ‘NSF’ checks.
- 6. Take another menu path – Will allow the user to jump to another menu path in the system.
- 7. Start a new order – Suspends the current order.
- 8. Cross-reference – Accesses your stores’ cross-reference.
